**\* Key Food & Drink Markets Definition**

Market data refer to all products sold for final human consumption in retail, foodservice and artisanal markets (own-produced for own sale), thus excluding industrial and intermediate consumption and auto-consumption. Retail and foodservice buy-in prices are applied throughout. For product market definitions, see [www.fft.com](http://www.fft.com).

**Matching FFT Reports**

(by country, company, product sector or single product)

FFT maintains an interactive, continuously updated online database covering food & drink markets in 25 countries, from which all reports, large and small, are produced. Thus:

- This report is available for all countries.
- Any product sector is available for any choice of countries, e.g. Ready Meals in France or in Central Europe.
- Any country/company/product/data selection is possible.

### 1.3 The Total Food and Drink Market in the Netherlands
